

KeyedIn Solutions Adds Two Members to Board of Directors

Rapidly Growing Company Attracts Critical Leadership Talent; Doug Hajjar and John Joliet Bring Deep Business and Technology Experience

MINNEAPOLIS, Minn. — September 19, 2012 — KeyedIn Solutions, a global SaaS (Software as a Service) solutions provider and consulting organization, today announced that Doug Hajjar and John Joliet have joined its board of directors. The two new members bring a wealth of business, technology and financial expertise to the board of the rapidly growing company, as well as a deep network of industry contacts.

Hajjar also currently serves as chairman of the board for Sensari, a worldwide leader in developing digital entertainment services; and Ooblink, a cloud-based application service provider for fleet management and logistics. Hajjar previously served on the board of directors at Epicor Corporation and Wherify Wireless, as chairman of Control Data Corporation, and vice chairman of Cadence Design Systems. He has also held senior leadership positions including chairman and CEO of Valid Logic, chairman and CEO of Telesis Systems, and COO of Genrad. Hajjar earned a bronze star in Vietnam as General Creighton Abrams' intelligence officer and is a graduate of Boston College.

John Joliet also currently serves as a managing director at Moelis & Company. Prior to joining Moelis & Company in 2010, Joliet was a managing director and global head of software investment banking at UBS Investment Bank. While at UBS, Joliet's team advised and financed many leading software companies in the ERP, enterprise applications, SaaS, business intelligence and security sectors. Prior to joining UBS in 2001, Joliet served with Donaldson, Lufkin & Jenrette, advising high-growth companies and leveraged buyout sponsors in diverse sectors including technology, business services, media, financial institutions and wireless communications. He holds a B.B.A. from the Ross School of Business at the University of Michigan and an M.B.A., with honors, from the University of Chicago.

“Our ability to quickly attract visionary leadership in key positions is a major factor driving our growth,” said KeyedIn Solutions CEO Lauri Klaus. “Both Doug and John bring deep technology, business and leadership experience that will add significant value to KeyedIn Solutions as we seek to write the SaaS arena's next big success story.”

About KeyedIn Solutions:

KeyedIn® Solutions was founded by veteran ERP industry executives to transform the traditional enterprise software systems market through a suite of integrated business applications delivered on a true SaaS platform and a consulting organization rich in business, industry and IT expertise. KeyedIn SaaS Solutions replace rigid, on-premise enterprise systems in specialized vertical markets with more agile, feature-rich and cost-effective .NET applications that scale to any environment. The KeyedIn Consulting Group provides consulting services around existing or planned systems, helping organizations achieve a strong return on their IT investment and realize a true business advantage in their market. Whether engaged independently, or in conjunction with the company's leading-edge technology platform, the KeyedIn Consulting Group delivers results for a wide range of industries worldwide.

Organizations look to KeyedIn Solutions for innovative, integrated business applications and results-driven consulting services delivered with integrity and a laser focus on their needs. You should too. Learn more at www.keyedin.com.
